

HUMOR, PATHOS
IN ONE PROGRAM

A program which ranged from the sweetest humor through burlesque or pathos was presented by A. Mather Hillburn at the First Methodist church, Houston and Lee streets, Friday night, as the sixth number of the El Paso Community League course. A large audience was in attendance and received the varied program with appreciation.

An old-fashioned, "shouting" type of dumpy preacher was the first number, unusual not only in its humor, but in that the blackboard "make-up" was difficult both in application and removal. Mr. Hillburn's accompaniment of the dumpy preacher was carefully, with this necessary part of his program of clearly as much interest to his audience as his interpretation of the character.

A veritable "lightning change" brought Hillburn to the front with his famous monologue on his dog, delivered in Hillburn's own mournful drawl. Mr. Hillburn's character make-up was clever.

James Whitcomb Riley's old Hoosier school teacher addressing the pupils and patrons of a rural Indiana school almost reached the burlesque in Mr. Hillburn's interpretation of what he calls an "educated fool."

An ambitious "Bachelor's Romance" was perhaps the highlight of the evening. In that it was a drama of real merit the pathos of which only added to its worth. The dramatic part of presenting a two scene number, in one scene of which two characters are used, seemed no difficulty at all under Mr. Hillburn's expert handling.

The concluding number was one of a character taken from life, an Arkansas farmer, who was running for office, though he was not always just

Comedy Circus
Heads Pantages
Vaudeville Bill

The Alhambra presents a new and excellent program of Pantages vaudeville today, a program that is alive with comedy and one that will be sure to please.

The feature act offered is Hill's Comedy Circus. Will Hill deserves a lot of credit for the skillful way in which he has trained the different animals in this act, consisting of many attractive features, such as blue ribbon ponies in military drill, acrobatic imitations, somersaulting dogs and "Sunny Jim," one of the most undesirable mules with a wonderful kick. Then, there is "Frisco," the educated pony, a leucy, saucy and wise, who answers questions.

Gilda and Phillips are seen in their new comedy offering, "All in the Name of Comedy." These two comedians are just one riot after another in the absurd things they do and say. Phillips does a vaudeville dance that is a gem in itself, while later on they both rock the house with laughter with their ventriloquist novelty.

The Bullwinkle Girls are three pretty maidens in some very artistic and dainty costumes, who, on the tight wire, on which they dance, run, walk and skip the rope, and do it all as easily as the ordinary folk do on terra firma.

Madie and Blumstein have a surprise comedy act entitled "Charlie's Visit," introducing singing and talking, during which the man does some very funny, acrobatic, ventriloquist tricks.

Henry and Duncanson are a young man and a girl in a witty comedy singing and dancing act. Miss Denny plays the piano and incidentally wears some very striking gowns.

While Mr. Duncanson offers some character comedy songs in his original way.

Saves State \$100,000
Asbury, N. Y., May 8.—A convict gang of 12, all members of the Massachusetts State Prison, have been released from the state prison here, having saved the state \$100,000. That was accomplished when, by the use of dynamite and a steam shovel, combined with a determination of purpose, the 12 men cut through a high ridge overlooking Seneca lake. The object was to prepare for the building of a highway through that section. The work was started last December and finished this month.

Ill Health Often Due to
Neglect of Kidneys and Liver

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief.

Warner's Safe Kidney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by the widespread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results.

The experience of multitudes is

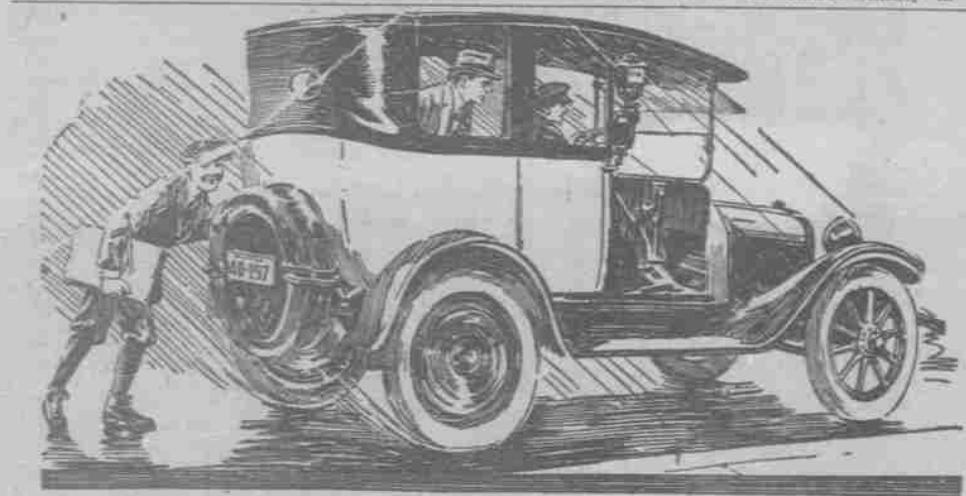

sometimes worth more than the wisdom even of the brightest physicians. Hence, if you have liver or kidney troubles, you cannot do better than call upon your druggist for Warner's Safe Kidney and Liver Remedy.

About 1 year ago I was so weak and worn out that I could hardly work. After trying other things without relief, I tried Warner's Safe Kidney and Liver Remedy. In a short time the pain left me, my urine cleared up and the rheumatism and dropsical vanished. We have used Warner's safe Remedies ever since with great success in our family.

Plenty of Power but no Traction—
spinning wheels that get nowhere

—and the man in the taxi believes he is paying for the futile spinning of the wheels. The meter on his car back home would register them in miles.

He believes the taximeter is registering a charge against him for the useless spinning of the rear wheels and the resulting damage to the tires.

A valuable object lesson, if it makes him think of his own car and how he abuses his own tires when he fails to put on

Weed Tire Chains
For Sure and Certain Traction

The taxicab companies protect the Public and themselves from skidding accidents—from excessive costs. Taxicab wheels spin only when drivers disobey the companies' order to "Put on Tire Chains when streets are wet or slippery." And to safeguard their patrons against the drivers' possible negligence, the taximeter is attached to front wheels.

Weed Tire Chains, when used judiciously, lengthen the life of tires. Whether they are used on taxicabs or on pleasure cars, Weed Tire Chains materially reduce operating expenses.

Nothing looks more ridiculous than a spinning tire—nothing more brainlessly extravagant. Put on Weed Tire Chains "at the first drop of rain."

Texas Lady Storekeeper, Who Carries Black-Draught in Stock, Has Found It "Best Liver Medicine" Obtainable.

Barker, Texas.—Relating her experience with Theodor's Black-Draught, Mrs. A. L. Fromme, of this place, says: "I had for some time used . . . and other liver medicines, which would nauseate and make me feel bad. We have a store, and our customers called for Black-Draught so often I decided it must be good, so thought I would try it myself.

"I began its use and found it just fitted my case. It neither gripped nor nauseated me, was an easy laxative and not hard to take.

"I had had headaches a great deal, no doubt from torpid liver. The Black-Draught would cure them. The best way I find to take Black-Draught is to take one or two good sized doses until the liver begins to act, then taper the doses to just a pinch after meals.

"It will insure good digestion, do away with the gas or bad taste in the mouth, and is without doubt the best liver medicine in the market. I have found it so. I can recommend it to my friends, for I believe it will do them good."
